

## **ANGEL MIRACLES & ISIS LOTUS HEALING CONSULTATIONS - PLUS A GUIDE TO USING THE CDS & ISIS CARDS by ELISABETH JENSEN**

WHEN YOU FIRST see Elisabeth for a consultation she usually will give you a combined Angel Miracles/ Isis Oracle/Crystal Ball Psychic Reading followed by a short energy healing and meditation to connect you with your Angels plus ask for their assistances with any problems you may be experiencing. Elisabeth finds this approach to be FAR more effective than just having a Psychic Reading about your future but sometimes this is all clients need at that time & so short 30 minute "Reading Only" sessions are also available by phone/Skype or in person in Adelaide.

Your future is not fixed and as the Angel Miracles and Isis Lotus healing clears blocks and imbalances in your aura you will start to release pain and blockages from your body and life. The Angels and Divinities love to help so be prepared for some minor – and sometimes major – miracles in your life after this healing, plus you will also feel much more relaxed and positive about your future.

YOU CAN CONTINUE TO FEEL WONDERFUL...

Many people leave on a "High" after a consultation with Elisabeth, but after a week or so more problems surface and they may start to feel stressed or have pain again. It's important to keep ASKING the Angels for assistance in your life PLUS a regular meditation practice will greatly assist.

This is where listening to the CREATING ANGEL MIRACLES CD is VERY helpful. Listen to the first track to re-establish your connection with the Angels, then use the Creating Angel Miracles Meditation to hand your problems over to the Angels, then Healing with the Angels on a daily basis is best. Place your hands palm down first on your feet then your heart & stomach while meditating for best effect.

YOUR SECOND HEALING – KARMIC RELEASE & ISIS LOTUS HEALING

This Karmic Release healing is best received a week after the first healing but a few weeks break still works fine. This healing also takes up to 90minutes - it's 90mins for the first & subsequent healings.

Elisabeth will give you healing at a deeper Soul Level using the Isis Mysteries Karmic Release process. This clears many difficult past life and present life issues you might be experiencing plus addresses and treats physical pain and depression at a deeper and more permanent level. It's a unique healing and meditation process given to Elisabeth by the Egyptian Goddess Isis for difficult situations that can't be cleared by meditating with CDS or by intention. There are also sometimes heavy or stuck energies or entities or spirit attachments that can't be cleared till you have this healing – same goes for past life vows, ancient curses or even the occasional modern day ones!

After this healing most clients feel at first very tired, then later amazingly lighter and happier. Follow this up by regular use of the ISIS LOTUS HEALING CD. Use the Healing meditation for stress and pain and the Karmic Release process to clear any ongoing or NEW problems in your life. Also this meditation is useful for new people and situations in your life – doing Karmic Release as a Preventative measure will stop many difficult situations occurring in your life!

THE THIRD HEALING – ISIS SOUL RETRIEVAL & ALCHEMICAL SOUL HEALING

These healings may be given together or in a separate consultation – best again one week after the second healing especially if you have a major and/or chronic health or emotional problems.

After a life threatening illness or traumatic life event such as a car accident or losing a family member often people never “Feel the Same Again.” Family and friends comment on this but nobody is quite sure how to assist you! A part of your soul and spirit has left and needs to be returned to you energetically and spiritually before you can feel truly joyful and whole again. Sometimes if you have a difficult marriage or relationship you might feel it’s impossible to leave your partner or move on afterwards. Your Ex still has all your energy – and perhaps part of your Soul! Clearing and healing energy cords between you both plus returning your lost energy and soul fragments can work wonders here for sadness, grief, depression and low energy levels. Sometimes a very difficult marriage or relationship can just end quite smoothly after this healing.

Alchemical Soul Healing is again unique to Isis Mystery School and Elisabeth – please see Isis Mystery School brochure for more details. It heals on a deep and permanent Soul Level plus starts to greatly activate your psychic abilities. Your natural healing abilities will be increased also and a greater sense of peace and joy will return to your life. This is the healing where you will feel everything finally seems to be coming together for you in many areas of your life. It’s recommended for those with life threatening illnesses plus many fears and phobias.

More insights can be gathered by reading and working with Elisabeth’s ISIS LOTUS ORACLE CARDS plus meditating with the ISIS MYSTERIES CD. Even if you don’t see much on your Past life/Soul Journey the first few times it will happen or just do an Akashic Records Healing on any current issues or health problems – or people! The Halls of Amenti meditation is very powerful and is also excellent to do last thing at night so you can have healing all night long in the Healing Halls of Amenti.

#### YOUR FOURTH HEALING – SIRIUN STAR CONNECTION & SOUL HEALING IN SIRIUS

This is best a few weeks or months after your third healing. It gives you a huge “Energy Charge” plus is excellent for health maintenance. Extremely effective for chronic back problems and pain. This Healing is only taught to my students who complete ISIS DIVINE ALCHEMY Level One. It is true Alchemy and works with the Divine blue and green energies of the Egyptian Divinities Isis and Osiris. As you are connected energetically to the Star Sirius, the Sun, Moon and Earth many beautiful psychic, spiritual and healing experiences will manifest for you. Includes Soul Healing in Sirius.

#### YOUR FIFTH HEALING – PAST LIFE/SOUL JOURNEY & QUANTUM HEALING HYPNOSIS (allow 3 hours)

There is no set time frame for this healing and sometimes Elisabeth may offer it after your second visit especially if you have ongoing or recurrent pain. Visiting a past life to see the original cause of your pain or difficulties with another person can be highly effective as it’s easier to go deeper with Elisabeth to guide you. A Soul Journey takes you BETWEEN lives so you can see WHY you chose your present life experiences. During Healing Hypnosis the client receives their own answers & healing direct from their Oversoul & this can give instantaneous Healing. Later you can do your own Soul Journeys using the ISIS MYSTERIES CD. For this healing you need to book a DOUBLE CONSULTATION.
